# نخستین همایش بین‌المللی تعلیم و تربیت کودکان با نیازهای ویژه با تأکید بر برنامه درسی

## The 1st International Conference on Education of Students with Special Needs: Curriculum Issues

### Guidelines for Preparing Articles of the 1st International Conference on Education of Students with Special Needs: Curriculum Issues

#### **The uploaded file must be in the same default format.**

Title, names of the author/authors, abstract, keywords, introduction, statement of the problem, explanation of the importance and necessity of the problem, objectives and questions, method of analysis or method of answering the questions, findings, summary, conclusion, suggestions and list of sources.

- The articles should be scientific-research, analytical or review articles.
- In writing the article, the principles and scientific method should be observed and its word and pdf files should be uploaded on the conference website.
- The article should be written in a maximum of ۱۰ pages and ۸۰۰۰ words.
- The article must be typed in Word environment, with Mitra font and size ۱۴.
- The articles presented in the conference will not be returned.

#### **Criteria for inserting the title of the article:**

The title (bold Mitra font, size ۱۸) should be written in two lines at most  
(Note: In the title, society and research sample are not written)

#### **Criteria for inserting the names of the authors:**

Information about the author/authors of the article, including name and family name, level of education, field of study, academic rank, address of work or home, contact phone number, fax number and email should be sent along with the article.

The names of the authors should be written in Mitra ۱۲ font and in the middle of the font, as in the example below.

Example:

First author's full name ۱, second author's full name ۲, third author's full name ۳

Authors' details should be inserted in the footer of the first page of the article with a Mitra ۱۰ pen.

#### **Criteria for including the abstract of the article:**

- The abstract of the article should be written in Mitra font, size ۱۲ and maximum ۳۰۰ words.
- The abstract should include the purpose, method, population and statistical sample, sampling method, data analysis method, results and conclusions.
- Keywords: should be written with Mitra ۱۲ italics and separated by commas and should be ۳ to ۵ words.
